Member Photos

Member photos can be displayed in the point-of sale system, to assist serving staff in verifying a member's identification.

In this video, we will demonstrate how to manage member photos in Member Manager.

To add or change a member photo, click on the member in the Member List in Member Manager. Next right click on the member photo and select Change Picture.

Member Photos

Member Photos

When the 'Select Member Picture' form loads, navigate to the folder which contains the member's photo, click on the photo and click the Open button at the bottom of the form.
